BOWEN AVERS CANADA WILL STAND LOYAL

Lt.-Governor of Alberta Says No Question of People's Attitude

WINNIPEG, April 14.—"If Hitler or Mussolini starts something in Europe, that involves Great Britain in war, there is no question of the attitude of the people of Canada," Hon. J. C. Bowen, lieutenant-governor of Alberta, said on his arrival on a private business trip last night. He had no doubts of the loyalty of Canada to Great Britain.

Mr. Bowen was not in favor of the neutrality legislation introduced into parliament by J. T. Thomson, K.C., which he thought unnecessary. "Canada has the right to determine the extent of her participation in the event of war involving Great Britain," he said, adding that this was all that he needed.

Recent Social Credit legislation in Alberta indicated the experiment was not being abandoned, he said. "Social Credit is a new social and economic theory, the wisdom of which will be determined in the future," he added.

GENEVA SHIPS LEAGUE BOOKS TO U.S. SAFES

British Trade Press, Exclusive Cable to Edmonton Bulletin
GENEVA, April 14.—Cases of important diplomatic and League of Nations documents were sent to the United States yesterday for security, in view of the international situation. Joseph A. Avenol, secretary-general of the League, cancelled a scheduled visit to the United States and Canada because of the European tension.

Mrs. Higgins Dies
VICTORIA, April 14.—Mrs. Edith Louisa Higgins, 71, granddaughter of Sir James Douglas, Governor of British Columbia, when it was a crown colony, died here yesterday.

Alyce Jane McFerry, who in 1933 created a nation-wide sensation as "the girl with the upside-down stomach," is at 17 the picture of health and beauty and has been named by judges in New York as "Miss Swim of 1939," trying the perfect swimming figure.

National Anthem Is Recognized By Custom Alone
OTTAWA, April 14.—The national anthem is not recognized by any law but is a "question of convention and custom," according to a reply tabled by the government in the House of Commons Thursday. T. L. Church, (Con. Toronto-Broadview) has asked whether any national anthem other than "God Save the King" was recognized by the government of Canada, and if so, by what authority.

"As a member of the British Commonwealth of Nations," the reply said, "Canada is using, as a national anthem, and will continue to use, 'God Save the King.'"

Japanese Disclose Plans To Keep Large Standing Army on Asiatic Territory

By H. O. THOMPSON
British Trade Press, Exclusive Cable to Edmonton Bulletin
TOKYO, April 14.—Japanese military circles Tuesday disclosed plans to keep a large standing army on the Asiatic continent and to develop industries on the spot which will be sufficient to feed, clothe and arm this overseas fighting force.

If the expense of feeding and arming soldiers in China could be eliminated, Japan could carry on indefinitely against the Chinese guerrilla warfare which has intensified in the last week and which seems likely to continue for years.

A precedent has been found in the case of the South Manchuria railway system, which is under the control of the Kwantung army stationed in Manchuria and which makes profits but which has its operations centered around military requirements.

Such a system applied to the whole of China would be an obvious advantage, particularly if the factories and other commercial enterprises originally approved by the army could eventually make profits as a business enterprise.

The big obstacle in the way of such a dream of continental self-sufficiency is the money consciousness of the Chinese people. They are not used to the currency system which the Japanese army seeks to impose, particularly in North China where the army outlawed the national currency to which the Chinese had been accustomed and in which many of them had savings.

In retaliation, Chinese are obstructing agricultural development so that the army will have difficulty in getting sufficient crops and exportable commodities from which necessary foreign exchange might be obtained.

Boy Dies Rather Than Tell His Kin Of Being Stabbed
NEW YORK, April 14.—Rather than tell his parents he had been stabbed by a playmate throwing a knife at a bill-board target 12-year-old Jack Grant sat on the steps of his Brooklyn home today and bled to death. "You'd better tell your mother," said his companions who trailed him home after he walked into the path of the flying four-inch blade. But he didn't and his father found him dead, the knife still in his chest.

MAN FINED FOR USING POLICE LICENSE PLATE

DRUMHELLER, Alta., April 14.—Had Albert Mason, of Drumhell, Alta., known a last year's license plate he found was so well known to police he would not have stuck it on his car.

Last October Constable F. M. Cummings, R.C.M.P., East Couline, lost one plate. It was found and used by Mason. He was fined \$10 and costs by Magistrate J. H. MacIntyre in court here yesterday.

Lady Tweedsmuir Will Build Home For Needy Kiddies

VICTORIA, April 14.—The British Columbia government is looking for an island on which Lady Tweedsmuir may establish a summer resort for children from the Fairbridge farm school near Duncan, B.C.

During her two-week visit here with the Governor-General, Lady Tweedsmuir told provincial officials she would like to erect buildings where the children, brought from underprivileged homes in the United Kingdom to be trained in agriculture and domestic science, could spend their summer holidays.

The government approved the plan and is seeking a suitable island in the Gulf of Georgia from two to 10 acres in area.

FRANCE LOOKS FOR ATTACK FROM SOUTH

PARIS, April 14.—Nearly all French observers, speculating on reports of activities along the Rhine-Berlin axis, agreed if war came, Germany and Italy would attempt to flank France's Maginot line facing the Rhine by an attack through the Alps and from Spain.

For weeks France and Swiss newspapers have carried reports of German men, arms and war materials passing through the Brenner Pass and other routes into Italy.

Observers on the Spanish border reported at least one artillery battery, with its munitions pointed toward France, had been placed in plain sight, the Spanish side of the Pyrenees Pass.

Body Of Premier Lyons Is Buried

DEVENPORT, Tasmania, April 14.—In a church yard within sight of his home here, the remains of Joseph Thomas Lyons, late Prime Minister of Australia, were buried on Thursday. Federal and state ministers and 20,000 other mourners attended the ceremony.

LETHBRIDGE, Alta., April 14.—Six Chinese, from Edmonton, charged with causing bodily harm to Joe Wong of Lethbridge, were remanded until April 21 when they appeared in police court here Thursday.

Britain And France Buy War Material In U.S. To Extent of \$24,000,000

By LYLE C. WILSON
United Press
WASHINGTON, April 14.—The state department disclosed yesterday that Great Britain and France, during the first three months of this year, obtained licenses for the purchase of more than \$24,000,000 worth of American war material.

More than \$22,000,000 of that amount was for military airplanes, motors and accessories.

During the same period, licenses were issued for the export of only \$1,127,000 worth of arms in Germany and Italy.

Licenses for export of arms to Great Britain have amounted to \$13,260,000 since the first of the year, of which \$12,167,000 was for military airplanes and parts amounting to \$11,134,704.

The value of total licenses issued for arms exports to all countries during the three months was \$32,987,300.

Actual exports of arms and other war material under licenses issued since the first of the year were worth \$17,602,712.

Exports to Great Britain, totaling \$5,982,218, included \$4,612,670 worth of military airplanes. Exports to France totaled \$1,607,462 of which \$3,500,000 was for military airplanes.

In the vicinity of New York City, United States Highway No. 1 is the most heavily travelled road in the world.

Women's Land Army In Great Britain

LONDON, April 14.—Britain decided today to recruit immediately a women's land "army" to replace male farm workers and provide additional labor to increase home food production in case of war. The ministry of agriculture, announcing the decision, said the new army would primarily be a mobile force ready to undertake all kinds of farm work in any part of the country.

King Inspects R.A.F. School

LONDON, April 14.—The King, continuing his survey of Britain's defence preparations, motored from Windsor to Halton in Buckinghamshire, today and inspected a Royal Air Force technical school where 3,000 boys are being trained as aviators. Yesterday the King watched field firing displays at Aldershot.

PROVINCIAL BRIEFS

Organize

Executive men and their wives from Clyde, Wetlock, Newtow, Tawlinaw, Rochester and Pithro turned out for the annual Young Education League convention at the Clyde branch of the Canadian Legion, Monday.

During the banquet at the Clyde hotel, old songs were sung, old stories were told and old members made new friends and the branch officers received several new members.

A feature of the evening was the presentation of past presidents' badges to J. L. McLean (1934-35) and Dr. F. W. Bratton (1935-36). The presentations were made by Vice President G. W. Bratton, who expressed the appreciation of the present officers for the work of the previous ones.

Wives were rendered by M. F. Farnsworth, W. H. Jack and C. Spackman, while T. Coley kept the gathering convulsed with a running fire of reminiscences of days gone by.

A well attended public dance in the community hall concluded the celebration.

NORTH RED DEER

A reorganization meeting of the Alberta branch of the Y.P.A. at Edmonton at this point resulted in the following officers being elected: Mr. F. Patterson, president; Mr. G. A. Macdonald, vice-president; Mr. L. Latham, secretary; Messrs. C. L. Farnsworth, J. L. Farnsworth, W. H. Jack and C. Spackman, directors. Mrs. J. L. Latham was elected to represent the ladies of the district. Meetings will be held monthly.

An afternoon tea, held under the auspices of the Y.P.A. and the Y.P.A. was a great success and a good amount realized, which will be used for the benefit of a needy family in the district.

Bobby Edgar of Crossroads, sixth place with his calf in the Shorthorn class at the Calgary stock show. He also stood fifth in light horn judging and seventh in calf home judging.

ANDREW

Warp! Franchuk, pioneer Andrew district farmer, died recently after a prolonged illness. He was 70 years old. Born in Bakuwina, Austria, Mr. Franchuk came to Canada in 1907, settling in the Andrew district where he was one of the earliest settlers. For several years he farmed between Edmonton and Lesser Slave Lake.

He is survived by his wife, four sons, William, John, Nicholas and George, all of Andrew; five daughters, Mrs. T. L. L. and Mrs. L. Franchuk of Edmonton, Mrs. D. Daniluk of Innisfree, Mrs. Peter Smaluk of Grande Prairie and Mrs. George Hill of Leduc, Ontario.

Interment took place in the Ukrainian Greek orthodox church cemetery with Rev. J. Kyivsky officiating.

LACOMBE

Funeral services for Mrs. W. E. Tees, 62, who died following a long illness, were held from 10 to 11 a.m. at the Lacombe funeral home, where she was laid to rest in the district for some time.

A. L. Carr officiating.

Mrs. Tees was born in Iowa in 1877 and came to Alberta with her husband in 1902. After farming for many years in the district she moved to Lacombe, where Mrs. Tees died in 1938. Mrs. Tees is survived by her husband, two sons, Bruce and Vancouver, and two daughters, Maude and Lacombe, and Lacombe, of Ponoka.

CLIVE

A special meeting of the Odd Fellows Lodge was held here recently by members from Lacombe being present. Degree work was conferred on three Clive members and one Lacombe member.

He is survived by his wife, one son, Glen, two daughters, Mrs. E. Mitchell of Grande Prairie, and Mrs. H. C. Gough of Clive, and three grandchildren and two sisters in Ontario.

Declaring that \$100 per bushel, for point on the lowest price for wheat which western farmers could and still break even, E. J. Garland addressed the C.C.F. meeting in the church hall Wednesday evening. The speaker's price of wheat should be based on production cost, Mr. Garland declared. Only a small crowd attended the meeting.

Prof. Grube May Be Disciplined For Statement

TORONTO, April 14.—Legislative action to discipline Prof. Frank Underhill, University College, Toronto, and Prof. C. M. A. Grube of the University of Toronto, for alleged seditious remarks, unless action taken by the governors of the university, was advocated by Premier Mitchell Wednesday.

Dr. George W. Brown, Conservative leader, offered his full support.

TORONTO, April 14.—Authorities of Trinity College said they would investigate charges concerning a member of Trinity's staff, Professor C. M. A. Grube, with a declaration made at the recent C.C.F. convention of the Co-Operative Commonwealth League that money expended on Canadian defence was a waste of public funds in the interests of British imperialism.

Prince George To Construct Civic Recreation Centre

PRINCE GEORGE, B.C. April 14.—A measure of \$12,000 per year cost to be raised by the city of Prince George to be used for the construction of a civic recreation centre building, has been endorsed by Prince George ratepayers by a vote of 50-35.

Other construction projects this include a new power office, \$7,500; rehabilitation of city waterworks, \$25,000; construction of 22 miles of new Dominion government telephone line from Prince George to Clive Lake, and the construction of additional principal streets and additional airport improvements.

The program involves expenditures four times greater than the previous two years combined.

AIRMEN SAVE 6 MEN HELD BY ICE FLOES

Group Is Rescued After Three Days Of Bitter Exposure

REMUSKE, Que. April 14.—Rescued after nearly three days of exposure when an airmail pilot discovered their plight in the ice-floes of the lower St. Lawrence river, six men are resting in their homes at the coastal town of Havre St. Pierre.

The men, weak from hunger and intense cold, were brought ashore Easter Sunday by a rescue crew, informed of their distress by Pilot Lester Gendron who flew to St. Pierre with the story of a little boat hemmed in by the river's heavy ice.

Good Friday, members of the group said, they set out from their work at Johnson River Bay, a 35-mile trip to St. Pierre, where they planned to spend the Easter holiday.

A strong snow and ice storm which they were buffeted about during the trip, told them, leaving badly, the little craft was held up by the ice.

All Friday the little group was huddled and when the cold increased Saturday some felt all hope was lost.

But that day Pilot Gendron, flying his regular mail schedule, spotted the group and inquired in Havre St. Pierre, Charlevoix-Saguenay Town, 125 miles below Quebec City.

Fishermen from the town quickly organized a rescue party and saved William Gaudet, Roger Bouchard, Joe Gallant, Paul Tanguay, Napoleon Harvey and Donald Desautels. It was believed all would recover.

YOUTH EXPANSION PLAN INCLUDES FORESTRY WORK

OTTAWA, April 14.—Hon. Norman Rogers, minister of labor, last night announced inauguration by the Dominion government of a \$1,000,000 forestry program as an expansion of the youth training plan.

The program is intended to combine training and employment of young men with protection and development of Canadian forests and wild life conservation, and will be under the joint direction of the Department of Labor and Dominion Forest Service, Department of Mines and Resources, the minister said.

While the Dominion appropriation stands at \$1,000,000, considerably more than this amount may be expended, it was stated. Of the \$1,000,000 available, \$600,000 is to be allocated to the provinces on a dollar-for-dollar basis for forest conservation work, subject to Dominion approval of programs.

The remaining \$400,000 will be used for forest conservation work on Dominion national parks and forest experiment stations, under the direct supervision of the Dominion forest service, Department of Mines and Resources, as a part of the youth training program.

If provincial allocations are all taken up, work will be provided for a total of at least 4,000 men during a five-month period.

Suave Swindler Is Given Sentence In False Marriage

SAN FRANCISCO, April 14.—Nathan Desmond, 50, a suave suitor who once sold false furs for a living, was sentenced Thursday to six months in jail for a masquerade as a multi-millionaire which won him a 25-year-old bride and sent her to a hospital with shattered nerves. He was convicted of vagrancy, Police Inspector William Slattery asserted Desmond posed as Claude A. Sprackles, son of the wealthy California family, and married Margaret Davis, orphaned daughter of an army officer.

Horse Disease Again Reported From Country

CALGARY, April 14.—Serum used in combating sleeping sickness affecting horses, was pouring into rural Alberta Thursday as first reports were received of recurrence of the disease.

A report from Provost, 190 miles southeast of Edmonton, today said infected horses on farms of Matt McDonald and Jim Hagen are believed to be suffering from the disease.

Lewis Is Again Head Of Mayors

OTTAWA, April 14.—Mayor Stanley Lewis of Ottawa Thursday was re-elected unanimously president of the Canadian Federation of Mayors and Municipalities at its three-day conference here.

Grand Old Lady

BARNES, Alta., April 14.—Mrs. A. E. Wallace, the "Grand Old Lady" of the Allison Ridge district, near here, is celebrating her 90th birthday today by biting into a large cake with several new teeth that she cut through her gum recently. Mrs. Wallace was born at Glendale, Ont., coming to Alberta 31 years ago.

By A Thread

A yard of thread is the lifeline for Mrs. Agnes Gregory, 30, above, of Kansas City, Mo. Burned by fire she was left with a child, Mrs. Gregory's throat recently became so constricted that she could take food only by guiding a string of metal beads down her throat with the aid of the thread, thus opening a passage for food. She is pictured swallowing the thread.

As a naturalized German-Canadian, we want only what is best for Canada but at the same time, we want only Hitler, but love him," said Mr. Pock.

"There are many Germans in Calgary very soon," he added.

MEET DISFAVOR

The society's scheduled meeting, billed as a "concert at which two German language films would be shown," met disfavor of veterans whose spokesman said "we decided a meeting would not be held in Calgary where Nazi propaganda could be distributed."

Mr. Pock claimed that the cupboard housing the society's library in the John Abbott hall in East Calgary had been broken into last night and 1,200 feet of German propaganda had disappeared.

REMAIN LAW-ABIDING

Opponents of the society, known as the "Deutscher Bund," is to remain law-abiding and aloof from politics of all kinds, said Mr. Pock. "We are always within the law. The films which we wanted to show were passed by the Alberta board of film censors."

"Nothing will stop us from preserving the literature, language, music and culture of our fathers. Without that cultural life there is no life for us here."

Only naturalized British subjects are permitted to hold office in the Deutscher Bund and the constitution states that Bund members shall act as a "bridge" between Germany and Canadians in interest of world peace, said Mr. Pock.

"They shall protect the honor of Germany and shall oppose anti-German propaganda, particularly Communism."

He disclaimed there is any attempt to propagate Nazism in Canada with the statement, "National Socialism is a movement which is devoted only to Germany. It cannot be exported," he said.

LOVE HITLER

"We love Hitler, not because of his political accomplishments, but because he is champion of German youth," said Mr. Pock.

"If we cannot sing our songs and talk our language we will go back to Germany."

"There are many Germans in Calgary planning to return very soon. I think I will go back next spring. My father keeps writing for me to come."

45 Vancouver Japanese Will Serve Canada

VANCOUVER, April 14.—Forty-five Vancouver Japanese who served with Canadian forces in the Great War have reported to the department of national defence for some guard duty in war-time. Saburo Shimada, adviser to the Japanese branch, Canadian Legion, said Thursday.

The group were members of a force of 196 Japanese who went to France from Vancouver in 1915. About 75 members of the original force still live in Vancouver and 14 were killed in action. Five of the members won decorations during the war.

Bishop Stresses Need For Loyalty

CALGARY, April 14.—Need for far-reaching loyalty was stressed by Anglican Bishop Ralph Sherman of Calgary and President Mrs. R. C. Marshall of Edmonton at the Alberta Imperial Order Daughters of the Empire annual convention here Wednesday night. Both speakers urged adherence to the British Empire as a measure to assist in maintaining peace.

Present System of Distribution Relief Costs to Continue

OTTAWA, April 14.—Decision of the Canadian government to continue the present system of distribution of unemployment relief costs was communicated to the second annual conference of the Canadian Federation of Mayors and Municipalities.

A delegation Wednesday asked the Dominion to assume full responsibility for relief costs instead of the present payment of 40 per cent by the Dominion, 40 per cent by the provinces and 20 per cent by the municipalities.

Secretary George Mooney of Montreal told the 60 mayors and aldermen that Hon. Norman Rogers, minister of labor, had told him the federal government has increased its allotment for unemployment relief \$10,000,000 over the previous year.

"It is the hope of the federal government," Mr. Mooney quoted the minister, "that a good portion of this extra amount will find its way through the provincial government to the municipalities, thus relieving the municipalities to some extent of their share of the burden."

The secretary said Mr. Rogers had told him "after reference to the full cabinet, I am authorized to state that the policy as announced will be continued pending such constitutional arrangements as may follow the report of the Royal commission on Dominion-Provincial relations."

DEVELOPMENT ST. LAWRENCE POWER URGED

Is Expedient and Essential For Canadian Well-Being, Claim

TORONTO, April 14.—Development of the St. Lawrence seaway power project is expedient and essential for Canadian well-being and "it alone can open up a new chapter of national and imperial greatness for this dominion," Norman MacLeod, parliamentary press gallery correspondent, told the Empire Club here Thursday.

It would provide a great industrial area reasonably behind the reach of air raids for Canadian and British investment, he said.

"An industrial population in the two central provinces increased, by the development of the St. Lawrence basin to 25,000,000—yet even, not to look as far ahead, to 15,000,000 people—would mean to the maritime provinces a market for all the fish and coal that its primary producers could ship," he added.

"It would mean to the prairie provinces an important market for their agricultural products at their door. Do you think for a moment that western Canada would become

fertile, as it is always threatened to become, on the subject of tariffs, if it had an industrial market of 15,000,000 or even of 25,000,000 in eastern Canada for its produce?"

"The main grievance of the west against tariffs is their failure so far to build up an industrial east that can absorb a sufficient proportion of western production. Similarly with the maritimes."

Register Aliens

PRINCE ALBERT, Sask., April 14.—Registration of all aliens in Canada without further delay was urged by the local branch of the Canadian Legion in a resolution passed at the monthly meeting.

CALGARY VETS WILL PREVENT NAZI ACTIVITY

CALGARY, April 14.—A veterans' organization has been formed here with the object of preventing any meetings for the purpose of discussing "German culture in Calgary," D. Morgan, Imperial representative on the Alberta Legion, announced Thursday. The organization's formation followed a threat from Great War veterans to "break up" a German

culture meeting later cancelled on advice from Police Chief David Ritchie. Canadian Legion officials also announced that they received word from Sam Robertson of Edmonton, Alta., that a vigilance committee had been organized in the district comprising Tricoma, Bashaw, Stettin, Trochu, Three Hills, Delburne, and Alta. to stop alleged spreading of Nazi propaganda.

Mill Rate Up

MOOSE JAW, Alta. — Moose Jaw's tax rate for 1939 has been set by the government board here at 43.5 mills, 1.5 mills higher than in 1938 and 35 higher than the rate set by the city council.

FRANCE TAKES SPAIN TROOPS INTO LEGION

Republican Fighting Men Enlisted As Warning To Mussolini

By CHARLES FOLTZ
Associated Press Foreign Staff
PARIS, April 14.—France, preparing against the chance that the new collective security in Europe may not avert war, today started taking Spanish Republican fighting men from the mountains camps into the famed French Foreign Legion.

Only 300 of the 20,000 warrior refugees were authorized to serve in the Legion out of the tens of thousands who applied but officials believe "the first contingent."

WARNING TO ITALY
The enlistment move was interpreted in many quarters as a warning that Italy did not take her troops out of Spain. France would arm men of the veteran Spanish military.

Having joined with Great Britain in guarantee of protection to Poland, Rumania and Greece against any aggression, France was construed as the strongest warning yet to the Rome-Berlin axis.

France made quiet preparations for whatever eventuality may arise. Meanwhile the Italian government has been urged to withdraw its troops from the first unit of Spanish military in the Foreign Legion.

Marshal Henri Poincaré headed back to his post as ambassador to Nazi Germany. Our foreign minister declared to press on Italian troops and Italian-German fighting men.

He was reported taking back Daladier's message to General Franco that unless the Italian troops go home France will not only keep Spanish republican gold and war material now in the custody but would draw further reinforcements of a European war.

Officials said there had been no more recruiting to date in the Spanish concentration camps but thousands had made application to enter the foreign legion.

Few Repatriated
Many of these applications, officials said, came from the 80,000 who originally sided to be sent back to Spain. Only a few thousand of these had been repatriated. The remainder of 80,000 are interned from the 140,000 who refused to return to Spanish territory.

Arrived at the day in repatriation, many of the "Franquists" have changed their minds, preferring to remain away from Spain with their republican comrades. Left in the 200,000 hardened fighters include officers of all ranks and many specialists.

PRINCIPAL DIFFERENCE
Apart from the question of Italian troops in Spain, the principal difference between Franco and Paris is over Republican gold and stocks and war materials left in France keeping with the January collapse in Catalonia and the March 28 capitulation of the Madrid government.

France demanded surrender of this material before he would permit repatriation of Republican soldiers.

Most of the French press has urged Daladier to hold onto the war material and gold until we see where Spain stands."

Flacelle Estate
Totals \$6,053,038

TORONTO, April 14.—The will of Sir Joseph Flacelle, noted Canadian banker who died recently, appraises of an estate estimated to be worth \$6,053,038, it was filed Thursday when the will was filed for probate.

Aircraft Defences Shown Britishers

Cought off guard last fall, Britain has spared neither expense nor effort to build up her defences in a great rearmament drive. One of the results of the drive was this demonstration in London's Hyde Park. Anti-aircraft guns and their crews gave Londoners an idea of just what His Majesty's government has taken to protect them against hostile aircraft.

M'GILL SAWANT AVERS CANADA IS YET COLONY

When Britain "Is At War We Will Be," Says Professor Scott

TORONTO, April 14.—Prof. F. K. Scott, of McGill University, before the English and historical section of the Ontario Educational Association today, urged complete neutrality for Canada in the event of a European war.

"Canada is again merely a colony of Britain and when Britain is at war we will be," he said. "We have not as much say in the decision to declare war as the lowest voter in London or Glasgow."

Our foreign minister is Neville Chamberlain and when his cabinet votes for war it will also vote for Canada."

ASKED FOR CONTROL
Prof. Scott asked that Canada demand complete control over her foreign policy and over the machinery which would control the country in war. He urged repatriation of a present policy which makes the dominion "merely a colony in the British Empire" in favor of the development of a Canadian independence and nationalism within the British Commonwealth of nations.

"If we want a voice in the decision which may plunge us into war, we can demand the creation of an imperial federation or central government representing all nations in the British Commonwealth," he said.

SEEK LITTLE HOPE
There isn't much hope since we refused such a scheme during the last war."

"This is not an un-British talk. It is merely demanding the British take time to think and act independently."

"We usually break out in sentiment."

Plan New Hospital
OLDS, Alta. April 14.—The Olds Hospital Board have appointed architects to plan a new hospital costing \$30,000 to be built in satisfactory arrangements to be completed by a Dominion government loan, board officials stated Thursday.

When the Canadian parliament is not in session, it may seem that the two weeks to assemble and in that interval Canada will be controlled by the British government.

EXPANSION OF TRADE
Unemployment had been a problem down through the centuries, he said, and "nations as it may seem every time there occurred the same remedy to cure the disease. Always something happened to cause an expansion of trade."

"When trade grew unemployment ceased. With more employment came expanding markets to take up the slack of unemployment and the nations once more moved forward to a period of peace."

"I confess that with that long record of 2,000 years I have no complete faith in the capacity of any party in this House of Commons to do this."

"OLD STUFF"
Social Credit parties advocated "script," Mr. Deuchman said. They were the "script" case articles of Canadian politics. The C.C.F. party advocated higher wages and government control of business and industry and let father bountiful say it all. The Conservative cure was that "old stuff" high protection."

"Then there are the Liberal friends. They have a remedy which they have applied in part but I must confess that sometimes I feel very lack that sufficient boldness and courage to put it to the real test."

LOWER TARIFFS
Mr. Deuchman said lower tariffs offered the best hope for improved conditions and that the Liberal was to achieve that end.

"It is absolutely impossible for producers of wealth under the capitalist system to consume what they produce," said A. G. Macdonald, C.C.F. Vancouver Star.

NATURAL REMEDY
"I still believe that unemployment is the natural result of a system or method of production of goods. The more the production instruments are perfected the greater

GOVERNMENT'S RELIEF POLICY IS UNDER FIRE

Annual Debate On Unemployment Problem Now In Full Swing

OTTAWA, April 14.—Cabinet members and parliamentarians generally today denigrated a series of New Liberal Chamberlain's handling of the unemployment problem as the annual debate on this subject got into full swing.

Conservative, C.C.F. and Social Credit speakers condemned the government's unemployment relief measures as empty of promise and barren of result in the house of commons yesterday, and one Conservative member said the government apparently lacked the "courage and boldness" needed to meet the situation.

KEYNOTE SPEECH
The keynote speech was delivered by Denton Massey (Cons., Toronto, Greenwood), who spoke nearly four hours. Mr. Massey described the government's record on this problem as "blank, bleached and barren," and declared that the thousands of transients had died "As a result of exposure, illness, starvation and lack of shelter."

MASSEY REFUSES
Pressed by the Labor minister and several Liberal members to state the source of his information, Mr. Massey refused to do so, but declared the minister to prove him wrong.

The bulk of Mr. Massey's speech was a criticism of the government, which he said, had failed completely to offer any permanent solution to unemployment. He presented a great volume of figures and statistics to show the extent of the problem and the government's measures to meet it.

11 SUGGESTIONS
Leaving agriculture to be dealt with at another time, Mr. Massey made 11 suggestions to be taken toward permanent solution of unemployment.

These included highways opening up more of the north country, mineral areas from Quebec to British Columbia and including the Northwest Territories, irrigation projects, water conservation and flood control, development of tourist and highway industry, improvement in a national housing and clear plan with federal, provincial and municipal governments co-operating, an effective national, regional and local establishment of camps along the line of the civilian conservation corps in the United States.

A federal government administered employment service, a program with private capital for economic adjustments, a "Canada Priority" public works program.

FORESTRY PROGRAM
A few minutes after Mr. Massey resumed his seat, announcement was made by the labor department of a \$1,000,000 national forestry program of which a dollar appropriation was made for the provinces and \$400,000 on Dominion property for experimental forestry stations. It is designed to combine employment of young men with protection and development of forests, and wildlife conservation.

Brilliant speeches would not cure unemployment, said R. J. G. Doolittle, Hays (Nfld.), who said that when he said "the poor ye have always with you."

EDEN POPULAR AS CHOICE FOR PREMIERSHIP
British United Press, Reuters Cable to Edmonton Bureau
LONDON, April 14.—Anthony Eden is the most popular choice among government supporters to replace Neville Chamberlain as prime minister, according to the British Institute of public opinion, conducted a survey, published by the News Chronicle yesterday.

The institute asked government supporters only one question: "If you like to be prime minister?" Of those queried, 59 per cent had no opinion. Of the remainder, 38 per cent voted for Eden.

Two Nominated In Agashire Riding
EDMONTON, April 14.—Alexander Sloan, Labor, and Dr. Catherine Gavin, Conservative, were nominated Wednesday to contest the Agashire seat in the house of commons, vacated by the death of James Brown, Labor. Polling has been set for April 28. In the 1935 general election Brown polled 18,100 votes against 13,300 for Major J. O. Macdonald, Conservative.

Cheese Bonusing
OTTAWA, April 14.—The Commons committee on food, which was set up to investigate the cheese bonusing plan, introduced today new legislation now before the House of Commons.

The bill, which would limit the cheese to be bonused to approximately \$800,000 yearly, it was estimated last night.

Mr. J. G. Gardiner's bill, introduced today new legislation now before the House of Commons, was estimated last night.

House Electoral Group Hits Snag
OTTAWA, April 14.—The Commons committee on electoral matters, which was set up to investigate the House Electoral Group, introduced today new legislation now before the House of Commons.

Rural Home Looted
HIGH RIVER, Alta. April 14.—Mr. and Mrs. John Harper of Chalmers returned to their farm this week to find their home had been looted of their household furnishings and utensils, they reported. The couple spent the winter in Calgary.

The economic security of the people depended on the success of the government in the coming year.

"This government has been in office for nearly a half year and it has failed to make decent provisions for those on relief."

\$800 WORTH OF GOODS
The word "script" (Eden) said he was sure Canada could do for every adult citizen an income of at least \$800 worth of consumable goods a year if proper arrangements were made.

Unemployment existed because of the technical improvements in production methods, creating a greater production with less labor. The government should create a plan and use which was called unemployment.

The problem was to more equitably distribute the leisure and to provide economic security for those displaced by machinery without reducing the standard of living.

While other parties refused to accept the Social Credit theories for distributing purchasing power they did not offer any explanation how money could be provided for employment. They had only one answer, taxation or borrowing.

DEATH THREAT IS RECEIVED BY ALDERMAN

Warned Not To Express Himself On Nazi Activities In West

BARBARTON, April 14.—A threat of death to members of his family if he expressed himself on Nazi activities in Western Canada was received today by Alderman Walter B. Caldwell. Thursday, he said in releasing the letter to the press.

Posted in Saskatoon, the letter reached the former Canadian mayor in the second of February. Enclosed was a 22 calibre rifle cartridge.

Ald. Caldwell spoke on Nazi activities at the Canadian Legion's annual victory at Vimy Ridge last Saturday.

WRITTEN WITH PENCIL
Written with a pencil on cheap newspaper, the letter read: Alderman Caldwell: I would strongly advise you to keep your mouth shut regarding Germans in Canada, or certain members of your family will come to grief. (mean it.)

The writer is said to be becoming more "Balkanized" all the time and Britain's role is coming to an end.

He turned the letter over to the police and declared he did not think it necessary to ask for the name of the family.

BECOMING BALKANIZED
The writer is said to be becoming more "Balkanized" all the time and Britain's role is coming to an end.

ACTION JUSTIFIED
If anyone about that I was justified in bringing to the attention of the public, at the Canadian Legion dinner, the danger of Nazi activities in Saskatchewan, it was well received by the members of the "Balkan" friends.

If you open your mouth in the press again remember someone in your family will meet their end.

PARAPHRASE UNDERLINED
The word "script" (Eden) said he was sure Canada could do for every adult citizen an income of at least \$800 worth of consumable goods a year if proper arrangements were made.

Unemployment existed because of the technical improvements in production methods, creating a greater production with less labor. The government should create a plan and use which was called unemployment.

For Women Only
MITCHELL, N.C. April 14.—Long looked upon as his peculiar domain, the "feminine" stream is no more for men at Neals Creek, state game preserve, thanks to a new regulation. It reads: "True Tailing-for women only."

INFANT SAVES OWN LIFE BY SWIM IN CANAL

The baby, Carmela De Masco, was thrown with her mother and a younger sister into the canal when their automobile slid down the bank. Mrs. De Masco held the younger child but Carmela bobbed down the canal.

Two blocks away, the child still was pulled from the water by farmers.

Appeal Issued For Citizens To Pray For Peace
VANCOUVER, April 14.—The Vancouver General Ministerial Association, through its president, Archbishop Francis Hebblethwaite, today issued an appeal to Vancouverians to pray for peace on behalf of world peace, based on justice and truth.

The appeal was issued to remind the people of the world in their personal prayers, and to rededicate themselves in God's service in daily life.

At the same time, it was announced that special noonday prayer meetings at Christ church cathedral, between April 17 and 21, will be held.

ITALIANS WARN DAY OF NAVAL BRAVERY OVER

Newspapers Tell Britain "Intimidation" Is Now At End

ROME, April 13.—While emphasizing Italian friendship for Greece, the Italian press warned Greece that Italian ships will sail the sea on every day.

Writing in Gazzetta del Popolo, Giovanni Amendola declared the day is at hand when the British fleet could install itself where it wished in the Mediterranean and demand whatever capitulations it saw fit.

"When the English speak of the British fleet," he caustically observed, "they mean something more than just the ships and the crews."

Italy may mean to speak of political liberalism and moral influence, which will stir the British fleet to again treating Italians as though they were Greeks and the British fleet to again treating Greeks as though they were Italians.

"That also signifies a vague hope of being able to resolve all difficulties as they were in the beautiful period of British naval strength."

The article went on: "But general violence is not the solution. The Mediterranean in particular are very different than they once were. One no longer can put any one in step with anyone by a concentration of naval strength."

NORTH PILOT
GETS PRAISE
FOR FLIGHTS

Louis Bison Arrives Here
With Party Of Mis-
sionaries

Out of the north have come many stories of courage, and northern pilots have performed feats which, as time passes, will find their way into the legends of the country, but during the past three weeks, Louis Bison, pilot of the Oblate Fathers of Mary, the Immaculate, Pioneer Roman Catholic Missionary Society, has flown more than 7,000 miles to set the most amazing record of achievement that has yet come out of the north. And with him, on his flight, went Bishop Pallase, superior of the Mackenzie Roman Catholic missionary district.

During the time Pilot Bison and Bishop Pallase have flown to parts of the north never before reached by plane, over untracked and practically unmaped country, brought sick people from isolated points to hospital and medical attention, and made flights that would make even a Hollywood stunt flyer turn grey-haired in the course of their duty.

WANT-TALK
Bison himself declined to make any statement concerning the flight. "Naturally hesitant at being placed in the limelight he modestly summed his activities up by saying: 'It was just my job. I just flew the plane where the Bishop wanted to go. It was no more important than flying to Calgary.' But from other sources the facts leaked out.

On Tuesday, March 28, Pilot Bison, flying the five-man plane, Santa Maria II, carrying Bishop Pallase, Father Raymond and Royal Canadian Mounted Police officer as guide, took off for Coppermine. One

THE HUMAN EYE

By Jackson Bros. Optometrists

What a wonderful organ the human eye is, and how admirably adapted for the purpose it is intended to serve. The sense of sight is the most remarkable of all our senses, both for the special nature of the impression which it receives. The complicated structure of the apparatus, and the variety and value of the information which it affords with regard to external objects. It is by this sense that we receive the impressions of light and color, and all their modifications of intensity and combination, and acquire our principal idea of form, space and movement.

The eye is also superior to the other organs of special sense in the rapidity of its action, and in the

delicacy of the distinction it is capable of making in the physical qualities of external objects; and it affords the most continuous and indispensable aid to all the ordinary occupations of life.

If you are suffering from weak eyes, dimness of vision or head aches, visit our optometrist. He is open to you every day except Sundays and Holidays, and have our regular optometrist give you a thorough eye-sight examination.

If you need glasses you can have the use of them while paying for them by using our well established easy pay plan in weekly or monthly payments.

BEARS WILL GET THE WAY TO SCOT

Huge Soccer Crowd To See International

Believe It Or Not

By Robt. Ripley

Montreal Sell-Out Assured For Opener

GLASGOW, April 14.—England's footballers are steeling their nerves against the "Hampton Roar." They clash with Scotland Saturday in the final international match of the season at Hampden Park, huge enclosure where the high tension engendered by the crowd's enthusiasm is reputed to be capable of putting fear into the heart of the most seasoned player.

When the teams last met in Glasgow in 1967 an all-time record crowd of 140,547 spectators saw the Scots triumph 3-1 and officials believe this mark will be passed if fine weather prevails. Interest in the battle is so great no Scottish major league games are scheduled and only five will be played in the second division.

Sport . . . Simmerings
By ALLAN RANDAL

HAS CANADIAN INTEREST
Canada's interest in the match is considerable because the Scots took time to put the Dominion and the United States during the summer will be chosen in a few days. It is understood three of the players participating—Gordon Strachan, Ian Davidson, and Willie Wallace—were in the United States last year.

Mild criticism of Scotland's team for the international match has been caused by the absence of Gullik, former Rangers, outside left, now with Everton. Earl of Strathclyde, captain of the left-wing position, played outside right for the Scots at Wembley last year.

England's selectors have chosen a strong team to play the Scots. It is expected that the team will make one change owing to an injury to Eric Roberts, Manchester City. His place will be taken by John Doolan, who is now at Newcastle.

Scotland's Gordon Strachan, former Glasgow, "Third Lanark," is expected to play. He is a winger, and is expected to play. He is a winger, and is expected to play. He is a winger, and is expected to play.

It has been reported that 77 per cent of all the money used in the United States during the summer was provided by the federal government.

CHAPTER XV (Cont.)

THE man setting out to learn golf can always acquire good instruction for this continent has some of the finest teachers in the world. But he also needs a tremendous amount of patience and practice, neither of which can be obtained by merely making out a cheque. That is why the busy business or professional man is rarely the sort

of golfer he would like to be. This being a mechanized era, the player expects his tools and his clubs to be perfect. He expects to be able to do it all by himself. He expects to be able to do it all by himself. He expects to be able to do it all by himself.

Wilde Wins
SWANSEA, Wales—Jim Wilde, former heavyweight boxing champion of Wales, defeated Scottish champion, Albi Bell by a third round technical knockout.

The designer has done what they were able to, but it hasn't been enough for the club. Because he will not practice. He has very little time, anyway, and except when on vacation, most of his golf is confined to Saturday afternoon rounds. Sunday mornings, and, furthermore, he is not particularly amenable to instruction—that is, he is not.

ASHROD, England—T. D. Hall, 38, who led for second place in the Scotch Professional Golf Championship last year, has been named first vice captain of the Scottish team for the 1969 season.

Anti-Peeking Pact
LONDON—Eric Bonn and Arthur Danaher, scheduled to meet for the first time in the 1969 season, agreed to watch each other in the morning, exhibitions before the bout.

Leo the Lion Hits Homer
Then Picks Cubs to Repeat
CHICAGO, April 14.—Charles (Leo the Lion) Hartnett rattled a drive off the left field wall at Wrigley Field Thursday, tore around the bases at his standard six-mph pace, and won again. He did it by hitting a homer, the only one of the season, in the second inning. "Why shouldn't I pick these Cubs to win the pennant when we've got what it takes?"

KNOW RIGHT WAYS TO TRAIN YOUR DOG

Win Dog's Confidence

Two little puppies—eager to grow up to be smart, well-behaved dogs! And so they will when properly trained.

It's not hard to make a puppy understand if you win his confidence during puppyhood. A good rule is not to punish him with that hand that feeds him. When necessary speak sharply to him to sap him lightly with a folded newspaper.

Time to begin your puppy's "grown-up" schooling when he's about nine months old.

Easy then to teach such clever tricks as "Shake Hands!" When he's in a sitting position press your hand against the right side of his head. His right paw will naturally rise, then you quickly grab it and say "Shake Hands!" He'll soon get the idea.

Training goes more quickly, is more fun for you and doggy when he's in tip-top form. To have an alert healthy dog, know rules of diet, be able to recognize first signs of illness, especially distemper.

Our 32-page booklet, tells you how to analyze symptoms and treat illnesses. Gives valuable instructions on feeding, training, house-breaking, grooming—simple direc-

THE U.S. BOARD OF TEA EXPERTS, BY TASTING HUNDREDS OF SAMPLES, DICTATE THE QUALITY OF THE TWENTY BILLION CUPS OF TEA DRUNK ANNUALLY IN THE U.S.

WHICH IS COLDER, THE NORTHERN OR THE SOUTHERN HEMISPHERE?

Answer: The southern is slightly colder. Compiled figures show the annual mean temperature of the southern hemisphere to be 55.94 degrees Fahrenheit, and that of the northern hemisphere as 55.56 degrees Fahrenheit.

NEXT: A reptilian "quadruped."

CITIZEN BACK FROM TRIP TO NEW ZEALAND
New Zealand stands as a distinguished example of the influence of tourism on public opinion; at least in the case of the citizens of the Dominion of New Zealand. Mr. H. H. Burrows, a well-known New Zealand tourist, has returned from a tour of the Dominion of New Zealand, and has returned with a new outlook on life. He has seen the Dominion of New Zealand from a new angle, and has returned with a new outlook on life. He has seen the Dominion of New Zealand from a new angle, and has returned with a new outlook on life.
